

DogDots Italy The Walkies Couture

The apothecary of dog fashion is called Walkies Couture. The new grille, which comes from the excellent creativity of the digital fashion Press - creator of the brand DogDots - is characterized by the excellence of made in Italy.

The research in exclusive fabrics and the study of original designs meet together in the case of the handmade manufactures in order to generate an imaginative and harmonious collection, which sparks the desire and gives birth to a four-legged dream.
